

AI Bibliography – Jocelyn Alva

AI Model: ChatGPT Go

Image Creation

- **Prompt:** Can you recreate a high quality AVIF file of the first Bop It image in the style of the second Bop It image?
 - Used for Bop It 2D interactive experience

Website Development and Composition

- **Prompt:** I am a beginner at creating a React Website. I want to learn how to change aspects of my website. I want to contain my dynamic background elements so they resize accurately on all website sizes. I want to implement a dropdown gallery for my team members, as well as create hotspots on my 2D Bop It image to animate dynamic movement.
 - Learned how to fix dynamic background design elements to fit multi-size websites
- **Prompt:** The dropdowns extend beyond the webpage and cause a white background to appear beneath the descriptions. How do I fix this?
 - Learned that adding padding fixed the dropdown menus

3D Character and Dance Animations

- **Prompt:** Can you walk me through how to build a 3D character model visual that can connect to a Raspberry Pi Pico 2 and performs dynamic dance moves?
 - Chose a game character model and worked on accessing and animating Michelle's arms, legs, and hands

Bug Fixing

- **Prompt:** What did I change that caused the website to break?
 - Usually a missing comma, or semicolon
